

Trinity Valley Amateur Radio Club

Summer 2007

Field Day, 2007

Mark Lamar reported that we were on the air about 1:00 P.M. June 23rd. The Club's Field Day site was at Tanger Mall and Ed and Mark operated from the van. 34 contacts were made, primarily on the east and gulf coasts. The equipment worked better for listening than for transmitting.

As also reported by other clubs, signals were noticeably better in the evening. Next year, they plan to mount the antenna on a pole for better operation. Ed and Mark spent the night, and Ed thanked everyone who came out and supported them at the event.

Editors Note: These guys deserve a medal for dealing with the mosquitoes during setup. (A blood transfusion might help too!) They were about the size of small helicopters and they pounced the minute that anyone set foot off the pavement to adjust antennas!
